

PRESS RELEASE

ALA: MULTI-YEAR EXTENSION OF THE SERVICE PROVIDER AGREEMENT WITH LIEBHERR-AEROSPACE TOULOUSE

ALA will oversee the entire fastener procurement cycle for Liebherr-Aerospace Toulouse, one of the leading aircraft equipment manufacturers

ALA consolidates its growth journey in France, where it is present with the regional Headquarters in Toulouse and a logistics platform in Pessac, near Bordeaux

Naples, October 11, 2022 – **ALA** – a company listed on Borsa Italiana's Euronext Growth Milan segment ([EGM: ALA](#)), a leader in Italy and a major global player in integrated logistics services and the distribution of products and components for the aviation and aerospace industry – continues its international growth journey and announces that the subsidiary ALA France has reached a deal for the multi-year extension of the Service Provider agreement with Liebherr-Aerospace Toulouse, center of excellence for air management systems of the Liebherr Group, a family-run technology company with a highly diversified product portfolio.

Under the extended agreement, ALA France will oversee the entire fastener procurement cycle for Liebherr-Aerospace Toulouse & Supply Chain.

ALA provides Liebherr-Aerospace Toulouse with an integrated service, ranging from fastener requirements planning to purchases, transport management, and Direct Line Feed (DLF), delivering products exactly when needed, thus improving efficiency and optimising costs as well as inventory management.

*«We have developed an excellent partnership with Liebherr-Aerospace over the years and we are extremely happy that they reaffirmed their trust in us – said **Roberto Tonna, ALA CEO** – The extension of the agreement with Liebherr in France perfectly fits within our international growth journey. The goal is to continue consolidating our leadership as a Supply Chain Integrator in the Aerospace and Defence industry as well as strengthening our growth in the French market, which is highly strategic for this sector».*

ALA S.p.A. (Euronext Growth Milan: ALA), is a leader in Italy and a major global player in integrated logistics services and in the distribution of products and components for the aeronautical and aerospace industry. The ALA Group also distributes and provides integrated logistics services for mechanical products and components for the rail and energy industries. Founded in 2009 by Fulvio Scannapieco and Vittorio Genna, entrepreneurs with over 30 years of industry experience, today ALA boasts an operational presence and sales offices not only in Italy, but also in the United Kingdom, France, Germany, Israel and the United States. Moreover, in September 2022 the Group acquired 100% of the Spanish S.C.P. Sintesa Group which, with over 200 employees, more than 1000 active customers and a 2021 production value of over €26 million, is one of the Iberian leaders in the distribution of electrical wiring and interconnection systems for the aerospace industry. With a turnover of €130.7 million in 2021, 1,300 suppliers across the world, customers in over 40 countries and more than 250 employees, ALA is continuously committed to a solid path of organic and inorganic growth. www.alacorporation.com
